Science & Technology (CAAST), NAU, Navsari**

Agriculture is a country's most vital sector. It is absolutely essential for our survival. Agriculture's Emerging Trends are a primary driver of the sector's expansion. Emerging agricultural trends imply new technology and strategies that get more sophisticated with time. The agriculture sector has undergone significant changes over the previous several decades due to climate change, and new technologies have also expanded in this sector to mitigate the challenges from the climate change. Agriculture's recent advancements have made farming activities more acceptable and comfortable for farmers to meet out the challenges like global food securities, livelihood and environment security. These developments or trends benefit not just the growth of agriculture, but also the conditions of farmers, but national and global level. The recent changes in climate have brought current-day agriculture to the bank of timely changes in cultivation practices for keeping the continuity of food production. The greenness of our living environment is also interrelated with the use of agricultural inputs which seeks further attention to induce smart practices.

Smart innovations in agricultural practices for crop production, postharvest operations, storage, and marketing are meager to be addressed at one platform. Keeping these in projection, the Directorate of Extension Education, NAU, Navsari, ICAR-NAHEP, Centre for Advanced Agricultural Science & Technology (CAAST), NAU, Navsari, ASPEE College of Horticulture, NAU, Navsari and the National Agriculture Development Co-operative Ltd. will jointly organize three Day International Conference. The Navsari Agricultural University, Navsari Gujarat is going to host an International Conference on "Impact of Climate changes on Global Food, Livestock, Livelihood and Environment Security: Advance Approaches and mitigation strategies" to be held on 2023. It would allow scholars from different corners of the world for sharing and disseminating smart ideas to improve the production of agricultural commodities by maintaining a greener environment in the era of climate change.

### **About the University**

The Navsari Agricultural University campus is located 3 km to the West of Navsari City. NAU has made remarkable progress in its tripartite activities i.e., Education, Research and Extension Education which was matched with growth in infrastructure and Human Resource Development since its inception. All constituent colleges of NAU, Navsari are accredited by "National Agricultural Education Accreditation Board" of ICAR, New Delhi up to March 31, 2026. As per the "Ranking of Agricultural Universities" conducted by ICAR, the NAU, Navsari was ranked XXII (2016), IX (2017), XIV (2018), XLII (2019) XXXI (2020) during the last five years. Moreover, consecutively for last three years NAU, Navsari was also bestowed with 4-star rating by Government of Gujarat under GSIRF ranking. The research stations of NAU, received Best Performing AICRP center on fruits (2016, 2020 & 2021), small millets (2017, 2022) and tuber crops (2018, 2020, 2021), IFS (2021) and sugarcane (2018). Apart from this, the NAU, Navsari has also bagged many awards at the national level for excellence in its mandated activities and some of them being Best Performing AICRP Centre on Tuber Crops and Small Millets, Pandit Deen Dayal Upadhyay Krishi Vigyan Protsahan Puruskar Award to KVK, Tapi and Best usage of J-Gate@CeRA award to NAU Central Library.

### **About Directorate of Extension Education (NAU)**

The Directorate of Extension Education is actively involved in transfer of latest technologies to the farmer's field and giving its feed back to the research workers. It has started functioning in 1972 during erstwhile Gujarat Agricultural University. Later on, the separation of Gujarat Agricultural University into four new universities in the State, Navsari Agricultural University (NAU) has come into existence on May 1, 2004. NAU encompasses seven districts, viz., Valsad, Navsari, Dangs, Surat, Tapi, Bharuch and Narmada of South Gujarat. Geographically, the jurisdiction is stretched over 170 km. seashore on the western side and hilly terrain with dense forest on the eastern side enclosed with high fertile land and ample natural resources. The unique approach of the Directorate undertakes Farmer Led extension to Market Led extension activities and now Innovation Led Extension activities through 5 KVKs (working at grass root level) in the farming community of South Gujarat. The moto of the DEE office is "Come to Learn" and "Go to Earn", which fulfill by two basic pillars of Extension Education "Seeing is Believing" and "Learning by Doing". This has been achieved as our farmers, KVK.s scientists, Farm workers, Rural youth and entrepreneurs from south Gujarat awarded and recognized by ICAR, IRRI, ASPEE Foundation etc.

### **About ICAR-NAHEP-CAAST-NAU**

Centre for Advanced Agricultural Science and Technology (CAAST) is a new initiative and student centric sub-component of World Bank sponsored National Agricultural Higher Education Project (NAHEP) implemented by

the Education Division, Indian Council of Agricultural Research in India. The Navsari Agricultural University, Navsari, Gujarat was granted a CAAST sub-project on "Establishment of Secondary Agriculture Unit for Skill development in Students and Farmers on competitive basis".

### **About College of Horticulture (NAU)**

ASPEE College of Horticulture is a prime institute providing Horticulture education and research in the state. The college was approved by Krushi and Gram Vikas Vibhag of the Government of Gujarat and started in November, 1988 at Navsari (Gujarat) and initially established with the name "ASPEE College of Horticulture and Forestry" with the vision to bring out trained human resource and research in two major field i.e. horticulture and forestry sectors. For starting this college, generous donation was provided by ASPEE Foundation for Agriculture and Development, Malad, Mumbai and therefore, the college derived its name as ASPEE College of Horticulture and Forestry'. With the formation of separate university on May 1, 2004, the college became an affiliated college of Navsari Agricultural University. The Horticulture college is a premier institute of the State catering to the demands of the region/state/nation and is accredited by Indian Council of Agricultural Research (ICAR), New Delhi. During May 2022 up to May 2026,. In January 2023 the college renamed as 'ASPEE College of Horticulture' as a separate faculty in the University. ASPEE College of Horticulture provides ideal environment for teaching and research through well planned teaching facilities with well-established buildings, research farms, state of art laboratories, library, reading room, conference/seminar halls and hostel.

### **The National Agriculture Development Co-operative Ltd**

The National Agriculture Development Co-operative Ltd. is primarily established to serve as a bridge for communication between agriculture scientists, extension workers and farmers with a view to maintain a record of the problems faced by the farming community and the same problem is given as assignment to the agriculture scientists to find the solution. Formation of a progressive farmer is the work of agriculture scientists, extension workers and management of National Agriculture Development Co-operative Ltd. Blending of the influences of these three, bring an effective result in the doubling of farmer's income. Needless to say, the National Agriculture Development Co-operative Ltd. desires to have your co-operation in order to develop atmosphere conducive to aware farmers about innovative agriculture practices to yield best results for the progress of the farming community. To achieve the goal; it is essential that the National Agriculture Development Co-operative Ltd. agriculture scientists, extension workers and farmers should work together.
